EXECUTIVE SUMMARY

Country Delight (countrydelight.in, Instagram: @countrydelightin) is a prominent Indian f&b;/dairy brand with **~75 active creatives** running across Meta in India, spending an estimated **Rs.2-3 Cr/mo.** ~Rs.1,200-1,300 Cr FY25 (est.); founded 2013 by Chakradhar Gade; subscription milk/daily essentials; 10+ cities; own sourcing/testing. Three obvious leaks in the funnel:

(1) Creative gap - heavy studio/offer creative with thin real-customer UGC, before/after or demo content. **(2) Copy/CRO gap** - headlines lead with price/offer rather than outcome, and ad traffic often lands on collections/offer pages rather than the exact SKU. **(3) Tracking/retargeting gap** - retargeting uses generic creative rather than staged, funnel-matched content; CAPI/return-event wiring is inconsistent. These are fixable in 7-14 days. We estimate **30-45% of ad spend is leaking**; HOT - high ad volume, mature spend, clear creative/CRO leaks.

1. AD INTELLIGENCE

Active platforms	Meta (FB+IG) primary; YouTube Shorts; Google Search; marketplaces (Amazon/Flipkart/Blinkit/Instamart); quick commerce critical for impulse.
Active ads count	~75 live creatives across milk, dairy, subscription milk, bread, eggs.
Duration signals	Evergreen hero SKUs run 45-60 days; new flavour/launch bursts 10-21 days; festive/seasonal gifting drives heavy rotation.
Funnel type	Shopify/hosted D2C website with direct product purchase
Budget signal	Estimated ~Rs.2-3 Cr/mo ad spend (food beverage vertical; ~75 live ads = top/mid-tier spender in the segment).
Campaign structure	SKU/flavour-siloed; launch bursts around new flavours/variants; influencer seeding; quick-commerce offers; Advantage+ Shopping in use. Subscription milk delivery app-led; bread/eggs/ghee/grocery expansion; 'test-kitchen' quality story; doorstep morning delivery; wallet/subscription.

2-5. CREATIVE / COPY / CRO / TRACKING SCORES

Creative Variety		4/10
UGC & Social Proof		3/10
Copy & Hook Strength		4/10
Landing Page CRO		4/10
Tracking & CAPI		5/10
Retargeting Depth		3/10

- **Observed signal:** Milk delivery ads static, test-kitchen UGC missing. **Creative leak (High):** Ads lean on product beauty-shots and packaging hero frames ('now Rs.X', 'pack of Y'). Taste-test reaction, recipe/ritual integration, and first-bite UGC is thin. F&B; benchmarks show real taste-test and ritual Reels deliver 1.7x+ lift over studio.
- **Copy leak - feature-led (High):** Headlines lead with price/offer/pack-size rather than taste, ingredient or ritual outcome ('made with real almonds', 'guilt-free 4pm snack').
- **Landing page leak (Medium):** PDPs lead with offer+pack shots; taste/close-up video, ingredient sourcing, '5 ways to eat' recipes, and subscription/save sit below the fold. Sticky ATC lacks social proof.
- **Tracking & retargeting leak (Medium):** Retargeting uses generic creative; flavour-specific audiences aren't segmented; subscribe-and-save / replenishment loops underused; quick-commerce deep-links not prioritized.

6. COMPETITOR BENCHMARK

Competitor	What they do better	Signal for Country Delight
Milkbasket	Daily grocery micro-delivery; subscription.	Micro-delivery subscription rival.
Amul / Mother Dairy	Legacy dairy; massive offline; trust halo.	Heritage brands.
BigBasket/BB Now	Quick-commerce groceries.	Quick-commerce impulse.

7. 3 QUICK WINS (Implement in 7 Days)

WIN 1 - Creative: 25 Taste-Test + Ritual UGC Reels

25 vertical Reels/month: honest first-bite/sip reaction, recipe/ritual integration (pre-workout, 4pm slump, kid's tiffin, post-dinner), taste-comparison vs competition, sourcing demos, micro-creator taste-tests. Replace 35% of studio. Expected: CTR +35-50%, CPA -20-30%.

WIN 2 - CRO: Taste/Video-First PDPs + Ritual Bundles + Subscribe-Save

10s taste/close-up hero video above fold; '5 ways to enjoy' recipe block; ritual bundles (morning/evening/office) at 10% off; subscribe-save 10-15% for replenishment SKUs; sticky ATC with rating+repeat-buyer %. Expected: CVR +25-40%, AOV/retention +20%.

WIN 3 - Tracking: Flavour-Specific Retargeting + Quick-Commerce Deep Links + Replenishment

Flavour-specific retargeting audiences; quick-commerce deep-links (Blinkit/Instamart/Swiggy Instamart) in retargeting creative; replenishment reminders at consumption cycle (15/30d) with subscribe-save. Expected: repeat +20-30%, retargeting ROAS +50%.

EXPECTED IMPACT

Metric	Current (est.)	After Wins	Impact
CTR (Meta)	1.0-1.4%	1.5-2.1%	+35-50%
PDP CVR	2.2-3.0%	2.9-4.1%	+25-40%
Cost Per Purchase	Baseline = 100	70-80	-20-30%
Ad Spend Wastage	~30-45%	~12-18%	Saves ~Rs.0.6-1.0 Cr/mo

READY TO PLUG THESE LEAKS?

Smart Pursuit will run a **14-day performance sprint** for Country Delight: Creative refresh, CRO rebuild of top landing pages, CAPI + retargeting setup. We work on a **performance-fee model** tied to conversion-cost reduction.
