EXECUTIVE SUMMARY

The Whole Truth (thewholetruthfoods.com, Instagram: @thewholetruthfoods) is a prominent Indian f&b;/nutrition brand with ~65 active creatives running across Meta in India, spending an estimated **Rs.2-3 Cr/mo**. ~Rs.100-150 Cr ARR (est.); founded 2019 by Shashank Mehta; clean-label protein bars/chocolate/snacks; 'no nasties' ingredient transparency. Three obvious leaks in the funnel:

(1) **Creative gap** - heavy studio/offer creative with thin real-customer UGC, before/after or demo content. (2) **Copy/CRO gap** - headlines lead with price/offer rather than outcome, and ad traffic often lands on collections/offer pages rather than the exact SKU. (3) **Tracking/retargeting gap** - retargeting uses generic creative rather than staged, funnel-matched content; CAPI/return-event wiring is inconsistent. These are fixable in 7-14 days. We estimate **30-45% of ad spend is leaking**; HOT - solid spend with obvious quick wins in creative/CRO.

1. AD INTELLIGENCE

Active platforms	Meta (FB+IG) primary; YouTube Shorts; Google Search; marketplaces (Amazon/Flipkart/Blinkit/Instamart); quick commerce critical for impulse.
Active ads count	~65 live creatives across protein bars, clean chocolate, healthy snacks, no added sugar.
Duration signals	Evergreen hero SKUs run 45-60 days; new flavour/launch bursts 10-21 days; festive/seasonal gifting drives heavy rotation.
Funnel type	Shopify/hosted D2C website with direct product purchase
Budget signal	Estimated ~Rs.2-3 Cr/mo ad spend (food beverage vertical; ~65 live ads = top/mid-tier spender in the segment).
Campaign structure	SKU/flavour-siloed; launch bursts around new flavours/variants; influencer seeding; quick-commerce offers; Advantage+ Shopping in use. Clean-label protein bars and chocolate; 'no sugar alcohol, no artificial sweeteners'; ingredient-led; strong founder storytelling; subscription snack packs.

2-5. CREATIVE / COPY / CRO / TRACKING SCORES

Creative Variety		4/10
UGC & Social Proof		3/10
Copy & Hook Strength		4/10
Landing Page CRO		4/10
Tracking & CAPI		5/10
Retargeting Depth		3/10

- **Observed signal:** Ingredient-led, taste-test UGC thin. **Creative leak (High):** Ads lean on product beauty-shots and packaging hero frames ('now Rs.X', 'pack of Y'). Taste-test reaction, recipe/ritual integration, and first-bite UGC is thin. F&B; benchmarks show real taste-test and ritual Reels deliver 1.7x+ lift over studio.
- **Copy leak - feature-led (High):** Headlines lead with price/offer/pack-size rather than taste, ingredient or ritual outcome ('made with real almonds', 'guilt-free 4pm snack').
- **Landing page leak (Medium):** PDPs lead with offer+pack shots; taste/close-up video, ingredient sourcing, '5 ways to eat' recipes, and subscription/save sit below the fold. Sticky ATC lacks social proof.
- **Tracking & retargeting leak (Medium):** Retargeting uses generic creative; flavour-specific audiences aren't segmented; subscribe-and-save / replenishment loops underused; quick-commerce deep-links not prioritized.

6. COMPETITOR BENCHMARK

Competitor	What they do better	Signal for The Whole Truth
Yoga Bar	Bar/nutrition mass-play; 60 ads; broader distribution.	Mass muesli/bar rival.
RiteBite Max Protein	Mass protein bar; offline distribution; lower price.	Mass volume rival.
Happilo	Dry-fruit/snack; 42 ads; healthy snacking.	Adjacent healthy snacking.

7. 3 QUICK WINS (Implement in 7 Days)

WIN 1 - Creative: 25 Taste-Test + Ritual UGC Reels

25 vertical Reels/month: honest first-bite/sip reaction, recipe/ritual integration (pre-workout, 4pm slump, kid's tiffin, post-dinner), taste-comparison vs competition, sourcing demos, micro-creator taste-tests. Replace 35% of studio. Expected: CTR +35-50%, CPA -20-30%.

WIN 2 - CRO: Taste/Video-First PDPs + Ritual Bundles + Subscribe-Save

10s taste/close-up hero video above fold; '5 ways to enjoy' recipe block; ritual bundles (morning/evening/office) at 10% off; subscribe-save 10-15% for replenishment SKUs; sticky ATC with rating+repeat-buyer %. Expected: CVR +25-40%, AOV/retention +20%.

WIN 3 - Tracking: Flavour-Specific Retargeting + Quick-Commerce Deep Links + Replenishment

Flavour-specific retargeting audiences; quick-commerce deep-links (Blinkit/Instamart/Swiggy Instamart) in retargeting creative; replenishment reminders at consumption cycle (15/30d) with subscribe-save. Expected: repeat +20-30%, retargeting ROAS +50%.

EXPECTED IMPACT

Metric	Current (est.)	After Wins	Impact
CTR (Meta)	1.0-1.4%	1.5-2.1%	+35-50%
PDP CVR	2.2-3.0%	2.9-4.1%	+25-40%
Cost Per Purchase	Baseline = 100	70-80	-20-30%
Ad Spend Wastage	~30-45%	~12-18%	Saves ~Rs.0.6-1.0 Cr/mo
