01 METHOD

Dated public-evidence snapshot checked 04 October 2026. Meta evidence is cited by individual Library ID and advertiser/page ID; the selected cards are not an account-wide count. Public counts and rendered variants can change after capture; recheck before relying on them. Meta search-type parameters can be ignored by the interface, so keyword results are not treated as page or advertiser proof. Bengaluru relevance is based only on explicit creative or first-party material; no audience targeting is inferred.

Contacts and offer details are taken from the brand's own website, help or corporate pages and remain routing contacts unless a buyer role is explicitly published. No private account, booking, order or analytics records were accessed. Spend, ROAS, CPA, conversion outcomes and event firing are marked unavailable or not measured. A public ad card or URL alone does not prove that tracking events fire.

03 FINDINGS

NOTE	01 The public product URL exposes campaign/ad-set template tokens
source_ids: S1 observed: The card displays Order Now to the brand's butterfly-cakes category; the visible query string contains encoded {{campaign.name}} and {{adset.name}} tokens. checked: 04 OCT 2026	

That is a visible URL value only. No live redirect, analytics capture or event firing was tested, so this is not described as a tracking failure.

NEXT CHECK · Check the final URL in an approved test session and confirm whether platform macros resolve in the landing request and authorized analytics records.

NOTE	02 The first-party store page lists Bengaluru addresses; the public email is a grievance route
source_ids: S2, S3 observed: The official cake-store page lists Bengaluru addresses and care@bakingo.com; the grievance page identifies care@ as grievance officer. Entity labels differ between the grievance page and storefront footer. checked: 04 OCT 2026	

These sources establish a local public listing and routing inbox only; they do not identify a paid-media buyer or reconcile the legal-entity labels.

NEXT CHECK · Recheck live store listings, ask the support route for a referral, and reconcile legal-entity labels with an official corporate source before using them.

NOTE	03 Google domain results do not establish current Bakingo activity
source_ids: S4 observed: The India-domain view displayed about 800 any-time results under verified FA GIFTS PRIVATE LIMITED; advertiser relationship and current Bakingo creative were not established. checked: 04 OCT 2026
