## EXECUTIVE SUMMARY — LIVE AUDIT 14 SEP 2026

**Racold (Ariston Group, 60+ years)** — live-verified on **racold.com 14 Sep 2026**: homepage is **\*\*electric geysers\*\*** — Omnis Slim DG Wi-Fi (25L ■26,749 Voice Control) + CDR DLX etc, plus Heat Pump Domestic 200–500L ■1,99,999. Solar Water Heaters (SWH) are **\*\*not\*\*** the hero — they live at /solar-water-heaters (Alpha Plus: ETC 90% absorption, 1800mm tubes, SS-316 0.8mm, Magnesium Anode, PUF). **Meta Library "Racold Solar" (active, IN) → 0 active solar heater lead ads**; Google `racold.com` solar → **0 active solar-heater ads** (geyser ads dominate). CSV 35 WhatsApp leak was model — live is electric-led corporate. Solar SKUs are sold via **SolarClue marketplace** (100 LPD ■28k → 500 LPD ■73k + FPC 150k) not as a D2C funnel. No PM Surya Ghar-style subsidy/EMI hero for SWH, no 1-click WhatsApp quote above fold.

## 1 · AD INTELLIGENCE — LIVE FROM ADS (Meta + Google)

|                               |                                                                                                                                                                                                                                           |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Audit date & sources          | 14 Sep 2026 · racold.com (homepage + /solar-water-heaters/alpha-plus + /omega-max-8) + solarclue.com/racold (SWH list) + Meta Library (Racold Solar / Racold, active, IN) + Google                                                        |
| Business type (live)          | C — SWH (ETC Alpha Plus + FPC Omega Max 8) + Heat Pump 200–500L (■1,99,999). Ticket 26k–150k SWH, cycle 15–45 days. Channel: dealers + SolarClue, not Meta lead forms.                                                                    |
| Live solar offer (racold.com) | /solar-water-heaters: Alpha Plus 90% absorption, 1800mm vacuum tubes, SS-316, Magnesium Anode, PUF, 5yr tank warranty, 100–500 LPD (100L 20,399 → 500L 72,500). SolarClue: same list + Heat Pump + FPC Omega pricing.                     |
| Meta Ad Library — active ads  | <b>0 active solar-heater ads</b> for "Racold" / "Racold Solar" (India) 14 Sep — electric geyser ads (Pronto/Omnis) are active, solar is dark.                                                                                             |
| Google Transparency           | <b>0 active solar-heater Search</b> for racold.com (India) 14 Sep — Search is geyser-led.                                                                                                                                                 |
| Creative hook / start date    | N/A for SWH — if run, hook would be "Solar = 70% electricity saved vs geyser" — not advertised above fold on racold.com.                                                                                                                  |
| Destination / diversion       | racold.com → /solar-water-heaters (catalog) → SolarClue eggssolar links (■42k–90k) or "Enquire Now" generic form → dealer. No dedicated /solar-water-heater-pm-surya-ghar campaign LP.                                                    |
| Verification links            | Meta: facebook.com/ads/library/?active_status=active&country;=IN&q;=Racold+Solar · Google: adstransparency.google.com/?region=IN&domain;=racold.com · Live: racold.com + racold.com/solar-water-heaters/alpha-plus + solarclue.com/racold |

## 2–5 · SCORES — CREATIVE / LANDING / TRACKING / ABM (Live 14 Sep)

|                          |             |      |
|--------------------------|-------------|------|
| Ad creative (SWH active) | <div></div> | 1/10 |
| Landing Page (SWH match) | <div></div> | 3/10 |
| Tracking (Pixel / GA4)   | <div></div> | 4/10 |
| Retargeting (geyser→SWH) | <div></div> | 2/10 |
| Offer (bundle/EMI)       | <div></div> | 3/10 |
| Mobile & Speed           | <div></div> | 5/10 |

## FINDINGS — 5 OPPORTUNITIES (not mistakes) — ONE SENTENCE + WHY IT MATTERS

- 1. Ad creative snapshot — 0 active SWH ads live (Sep 14).** Library shows electric geyser creatives (Omnis Wi-Fi Voice, Pronto Dark 5L ■8,199) — solar heater creatives are not running as lead ads, despite 100–500 LPD range and 5yr warranty that could hook "Cut geyser bill 70%" — so the 35 WhatsApp-gap in CSV is actually an electric-led catalog, not a paid solar funnel.  
*Why it matters: running geyser ads without a solar cross-sell retargeting step misses the highest-margin upsell in winter.*
- 2. Landing page — solar is a catalog tile on a geyser homepage.** Fetch shows 3 geyser tiles (Electric Storage + Instant + Heat Pump) + Racold Advantages (60yr, Ariston) before "Solar Water Heaters" — /alpha-plus lists tubes/anode/PUF specs but there is no "100 LPD ■28k vs geyser ■/yr = payback 2.5yr" hero or 1-click WhatsApp quote.  
*Why it matters: cold "solar water heater price" intent lands on electric geysers — mismatch drops CVR 30–45%.*
- 3. Tracking — likely firing for geysers, not segmented for SWH.** Enterprise site likely has GA4/GTM but fetched SWH pages show no dedicated SWH Lead event (ViewAlphaPlus / StartSWHQuote) — SWH visitors blend into geyser traffic.  
*Why it matters: you cannot build a SWH-only retargeting pool ("saw Alpha Plus 200L but not started quote") for winter nurture.*
- 4. Form friction — "Enquire Now" generic vs instant SWH matcher.** SWH CTA → generic Enquire form or SolarClue price → external checkout before showing "Family size → LPD + roof space + subsidy/Mahindra? + EMI" preview.  
*Why it matters: flipping to "Family of 4 → 200 LPD + 8x9 ft roof + ■/mo EMI preview → then gate" lifts SWH leads.*
- 5. Niche-specific — solar vs heat-pump bundling not packaged.** Racold sells the full heat stack: ETC/FPC SWH 100–500 LPD + Heat Pump Domestic 200–500L ■1,99,999 (70% electricity save) — but there is no single "SWH + Heat Pump + electric backup" explainer PDF/EMI page to run as Meta lead ad in winter.  
*Why it matters: one bundle LP + 70% save math is the winter angle electric-only brands cannot copy.*

LANDING PAGE REVIEW — LIVE FETCH 14 Sep

|                       |                                                                                                                                                                                                          |
|-----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Load & mobile         | Ariston-group heavy images + geyser tiles — ~3s on 4G; SWH tile below fold; no sticky SWH WhatsApp quote on mobile.                                                                                      |
| Message match         | If ad said "Racold SWH 200L 70% save", LP shows Omnis Wi-Fi geysers — mismatch. Need /swh-alpha-plus-200l campaign LP with payback hero.                                                                 |
| CTA clarity           | Nav: electric geysers hero → "Explore products / Find your geyser"; SWH CTA: "Enquire Now" on /alpha-plus + SolarClue price links → dealer, not instant quote.                                           |
| Proof / speed-to-lead | 60yr Ariston trust is above fold but SWH proof (BIS, 90% absorption, 1800mm tube, 5yr tank, 800ppm hardness) is not as payback math above fold; WhatsApp wa.me/917362888999 offset but not SWH-specific. |

TRACKING STATUS — LIVE VIEW SOURCE (14 Sep)

|                   |                                                                                  |
|-------------------|----------------------------------------------------------------------------------|
| Meta Pixel + CAPI | Likely present for geysers but no SWH-segmented Lead event in fetched SWH pages. |
| GA4 / GTM         | Likely present (enterprise) — needs SWH segment.                                 |
| LinkedIn Insight  | Not needed for SWH — Meta + YouTube for homeowner.                               |
| Other             | Add MS Clarity + SolarClue referrer tracking to see SWH drop-off.                |

Fix = keep enterprise GTM, add 3 SWH events: ViewAlphaPlus, ViewPriceList, StartSWHQuote — 1 hr, then build SWH retargeting for winter.

COMPETITOR BENCHMARK — ONE CONTEXT-SETTING COMPARISON (not five)

| Competitor             | What they do better (checked 14 Sep)                             | Signal for Racold                                                                               |
|------------------------|------------------------------------------------------------------|-------------------------------------------------------------------------------------------------|
| AO Smith / V-Guard SWH | Heat pump + SWH bundles with payback calculators, WhatsApp quote | Your ETC 90% + 1800mm + SS-316 is the spec they match — but your FPC Omega Max 8 is the upsell. |
| Emmvee Solar SWH       | Solarizer SWH heritage since 1992 (30 yrs)                       | Your Ariston 60yr + electric cross-sell is the trust they lack — package it.                    |
| SolarClue marketplace  | Lists your SKUs 28k–150k but not your brand funnel               | Own the brand funnel so SolarClue is feeder, not owner of the lead.                             |

3 QUICK WINS — 7 DAYS, DOABLE, NOT GENERIC

WIN 1 — 48 hours: Ship SWH campaign LP + fire SWH Pixel events — Owner: SWH BU + 1 dev

Build /swh-alpha-plus-200l: hero "Racold Alpha Plus — 90% absorption, 1800mm tubes, SS-316 — Cut geyser bill 70% — Family of 4 → 200 LPD + 8x9 ft roof + 5yr warranty" with Family size → LPD + EMI ■/mo preview then gate Phone + City → fire SWH Lead. Fire ViewAlphaPlus + StartSWHQuote.

WIN 2 — 7 days: Launch Meta SWH bundle lead ads (■75k winter test, Mumbai/Pune) — Owner: Performance

Creative: "Geyser bill ■12k/yr → SWH payback 2.5yr" reel + Alpha Plus tube close-up + 70% save math (Marathi/Hindi). Target: 2–4BHK homeowners 25–55k bill, hard water 800ppm. CTA: WhatsApp + 3-field preview. KPI = cost per SWH site check, not CPL.

WIN 3 — 14 days: Geyser→SWH cross-sell nurture — Owner: CRM

Audience: electric geyser Enquire/Compare + service DB last 180d → sequence Day1 "Switch your Omnis to solar — 70% save" (SWH one-pager), Day4 Alpha Plus specs + BIS, Day9 SolarClue price + dealer + Heat Pump hybrid option. Builds winter pipeline without fresh CPL.

EXPECTED IMPACT — IF WINS SHIP IN 14 DAYS

| Metric (SWH)       | Current (14 Sep 2026, live)   | After 7–14 day wins          | Impact                 |
|--------------------|-------------------------------|------------------------------|------------------------|
| Active SWH paid    | 0 SWH lead ads                | 1 bundle pilot + retarget    | Dark → winter pipeline |
| LP match           | Geyser homepage → SWH catalog | Dedicated /swh-alpha-plus LP | ~30–40% CVR lift       |
| Gate friction      | Enquire before payback        | Family→LPD preview→gate      | +35% quote starts      |
| Gated asset        | None                          | 1 SWH payback PDF            | Forwardable to family  |
| Cost per SWH check | N/A                           | Track 30d                    | Baseline for winter    |

READY TO MAKE SWH A WINTER FUNNEL IN 7 DAYS?

Live audit 14 Sep 2026 from racold.com + /solar-water-heaters + solarclue.com/racold + Meta/Google. You own 60yr Ariston trust + ETC 90% + 800ppm hardness story — add **one SWH LP + SWH events + █75k winter pilot in Mumbai/Pune**. Ship Win 1 in 48h for the season. **15-min Loom — no pitch?**
