EXECUTIVE SUMMARY

Fenice Energy (SILRES Energy Solutions Pvt Ltd, RA Puram, Chennai; formerly SunEdison; CEO Pashupathy Gopalan) is a 25-year distributed-solar brand: **30,000+ projects, 100+ cities**, microinverters, Fenice Care app, GreenPartners. Tracxn: **Rs.47.8 Cr FY24**, ~148 staff (Aug 2025). Day-1 file 14 Sep 2026: **7/10 HOT**, ~23 ads, Rs.3-8 L/mo, pitch_fit HIGH.

Live check 14 Sep 2026: feniceenergy.com loads. Hero = 'Clean energy for your home & business'. Primary CTA = Call 1800 889 8457 + a 3-option estimate form. No WhatsApp. No Rs.78,000 / PM Surya Ghar / TANGEDCO on the first screen. Homepage counters are stuck at **0 +** (installations / TWh / years). Footer still says Copyright 2023. The 'calculator' at /solar-rooftop-calculator/ is a 6-field lead form (Name, Pin, Phone, Area, Email*, bill) - not an instant savings widget. Financing (SBI/HDFC/BoB/SIDBI) exists one click down, with no EMI rupee on the hero.

Three leaks: (1) subsidy and EMI are buried - Freyr's live hero is 'Save Rs.1 Lakh' and TN added a Rs.22,000 top-up in Aug 2026; Fenice's Rs.78,000 copy lives on a 2024 blog, not the ad or homepage; (2) 1800 number, not WhatsApp 9513246686; (3) 30,000+ projects, NTPC/Wipro/Railways logos and customer videos sit on /about-us/, not in the ads. Fixable in 7-14 days. *Ad counts are Day-1 estimates - verify in Meta Ad Library before quoting.*

1. AD INTELLIGENCE

Active platforms	Meta primary (IN), destination = Website. FB facebook.com/Feniceenergy (92% recommend / 7 reviews, +91 95132 46686, sales@feniceenergy.com). IG @feniceenergy. YouTube @feniceenergy. LinkedIn /company/feniceenergy. X @FeniceEnergy ~127 followers, quiet. Blog at blog.feniceenergy.com.
Active ads (est.)	~23 creatives by Day-1 signature, CTA = Website, spend Rs.3-8 L/mo est. Verify live count in Meta Ad Library India (active) + Google Ads Transparency (feniceenergy.com) before pitching.
Funnel / site (14 Sep)	Hero 'Clean energy for your home & business'. Call 1800 889 8457. Homepage form: Residential / Apartment / Commercial + Get an Estimate popup. Calculator URL is 6 required-ish fields including Email. Long landing /solar-rooftop-solutions-by-fenice-energy/ asks 10+ fields including 'interested in PM Surya Ghar?' - subsidy is a form question, not the headline.
Assets sitting unused	30,000+ projects; clients NTPC, BHEL, Wipro, Indian Railways, Intel, MRF, Airtel, Hero. Customer videos on /about-us/. Financing partners SBI, HDFC, Bank of Baroda, SIDBI. GreenPartners (Rs.10k deposit) + GreenAmbassadors. Microinverters + Fenice Care app. None of this is above the fold.

2-5. CREATIVE / COPY / CRO / TRACKING SCORES

Subsidy & Scheme Clarity		3/10
WhatsApp / Speed-to-Lead		2/10
Social Proof (Installs)		4/10
Creative Variety (Video/Reels)		4/10
Landing Page & Form CRO		3/10
Tracking & Retargeting		4/10

- **Subsidy / EMI leak (matches Day-1):** Homepage hero is 'Clean energy for your home & business'. No Rs.78,000, no 300 free units, no TANGEDCO, no EMI rupee. PM Surya Ghar copy exists on blog.feniceenergy.com (Apr 2024) and as a yes/no field on a long landing - not the ad. Tamil Nadu added a Rs.22,000 state top-up (18 Aug 2026). Freyr's live hero is 'Save Rs.1 Lakh'. Financing page has bank logos but no 'EMI from Rs.X' on the first screen.

- **WhatsApp leak:** Primary CTA is a toll-free 1800 number. Solar questions ('kitna kharcha?', 'TANGEDCO net-meter kab?') arrive at 9pm - those users do not call. FB already lists +91 95132 46686. No click-to-WhatsApp on the homepage or as the ad CTA (Day-1 destination = Website).
- **CRO / proof leak:** The 'calculator' is a 6-field form that requires email before it shows a number. Homepage stat widgets render 0. Copyright 2023. 30,000+ projects, NTPC/Wipro logos and 4 customer videos live on /about-us/ and are not the ad. Counters-at-zero on a paid landing is a trust killer.

6. COMPETITOR BENCHMARK

Competitor	What they do better	Signal for Fenice
Freyr Energy	Live hero: 'Save Rs.1 Lakh' = Rs.78,000 subsidy + Rs.22,000. WhatsApp-first, on-page calculator, EMI from Rs.1,466. 4.7 Google / 4,473 reviews.	Put the rupee number and EMI on the first screen. Stop leading with 'go green'.
SolarSquare	PM Surya Ghar in the nav. City pages for Chennai / Coimbatore / Madurai / Salem. 4.8 Google / 15,000+ ratings. 'Schedule a FREE Visit' above the fold.	Chennai + Coimbatore landings with TANGEDCO + subsidy math. Move customer videos into the ad.
Local TN EPCs	Glyde / Synergy / Kamal-style installers lead WhatsApp with 'eligible for up to Rs.78,000' and 3-field forms. They win the 9pm enquiry Fenice sends to 1800.	Click-to-WhatsApp as primary CTA. 3 fields (city, phone, bill), then the calculator.

7. 3 QUICK WINS (Implement in 7 Days)

WIN 1 - 48 hours: Subsidy + EMI on the hero, WhatsApp as CTA, kill the zeros

Homepage hero: '3 kW rooftop - eligible for up to Rs.78,000 (PM Surya Ghar) + Rs.22,000 TN top-up. WhatsApp for a Chennai site survey.' Primary CTA = click-to-WhatsApp 9513246686 (number already on Facebook). Fix the 0+ counters or remove them. 3-field calculator (city, phone, monthly bill) above the fold - not a 6-field email form. Expected: stop 1800 bounce and put the strongest hook on the first screen.

WIN 2 - 7 days: Tamil + Hinglish Meta batch, kill Website as primary CTA

6 creatives: (a) eligible for up to Rs.78,000 + TN Rs.22,000, (b) customer video from /about-us/, (c) 'EMI via SBI/HDFC - number on screen', (d) NTPC/Wipro/Railways as trust, not the hero. CTA = Send WhatsApp Message, not Visit Website. Never promise subsidy approval. Expected: 25-40% more qualified enquiries at the same Rs.3-8 L spend.

WIN 3 - 14 days: Chennai landing + Pixel/CAPI + 60-day retargeting + GreenPartner ads

Dedicated /rooftop-solar/chennai/ with TANGEDCO + subsidy math (you already have /delhi/). Rebuild events on quote + WhatsApp click. Sequence: video 50% -> WhatsApp -> site-survey (30-90 day cycle). Run a paid GreenPartner recruitment track - the programme already exists. Expected: lead->survey 15-20% to 28-35%.

EXPECTED IMPACT

Metric	Current (est.)	After Wins	Impact
Hero names Rs.78,000	No (Clean energy)	Yes, above the fold	Match Freyr / SolarSquare
Cost per lead (Meta)	Rs.250-450	Rs.150-250	~40% cheaper
Lead -> site survey	15-20%	28-35%	WhatsApp in <5 min
Cost per installed kW won	Rs.6,000-9,000	Rs.3,500-5,500	Same budget, more installs

READY TO PLUG THESE LEAKS?

Smart Pursuit will run a **14-day solar sprint** for Fenice Energy: subsidy + EMI on the hero, click-to-WhatsApp, 3-field calculator above the fold, Pixel/CAPI + 60-day retargeting. Priced against **cost per site survey**, not impressions.
