EXECUTIVE SUMMARY

Nuetech Solar Systems Pvt Ltd (CIN U31909KA2002PTC030228, GST 29AABCN6398L1ZO) is a 1992 Bengaluru solar-thermal manufacturer: Sunkadakatte / ASB Industrial Layout, Magadi Main Road, 560091. Founder/MD Surendra Kumar, CEO Ananth T, partner Sushmitha S. Tracxn: **Rs.42.9 Cr FY23** (down from Rs.75.3 Cr FY22, -43% YoY), 92 staff (May 2025). Claims top-5 solar thermal, 32,000 sq ft plant, IIM Lucknow on the install list. SKUs: Lazurite ETC, SUN POT FPC (10-yr), ROBO FPC pressurised, Digital 250 LPD, heat pumps, plus a rooftop PV sideline (3/5 kW). Day-1 file 14 Sep 2026: **7/10 HOT**, ~35 ads, Lead Form dest, Rs.20 L+/mo est., pitch_fit HIGH (D2C / CPL-ROAS).

Live check 14 Sep 2026: nuetechsolar.com homepage did not return (timeout). Indexed brand pages are up: /contact/ (+91 92431 44444, sales@nuetechsolar.com, Copyright 2024), /lazurite-etc/, /sun-pot-fpc/, /robo-fpc-pressurised/, /installation-list.html. The working public catalog is the IndiaMART storefront nuetechsolarsystems.com: Get Best Quote, prices on some SKUs (100 LPD ETC Rs.17,317; Lazurite 100 L Rs.20,000; 200 L Rs.32,000; Digital 250 L Rs.45,510; heat pump 250 L Rs.60,000), shipment = **By Road** with no days. IM 4.7/20; Justdial 4.0/127. IG live is @nuetechsolarindia (805 / 664 posts) - Day-1 @nuetechsolar is stale. Two Facebook pages (NuetechSolarIndia + an unrated 2024 page).

Day-1 leak, confirmed: no delivery/install SLA on ads, brand PDPs or IM. Racold/V-Guard dealers print 1-2 days; Kamal Solar (KA) claims 24-48 hours. Plus: Lead Form vs WhatsApp, brand site vs IM catalog, warranty 2 / 10 / 15 / 20 / 25 years depending on the page, IM reviews tagged Tata and V-Guard, PM Surya Ghar does not apply to a geyser. All fixable in 14 days. *Ad counts are Day-1 estimates - verify in Meta Ad Library. Never promise subsidy approval. Do not put Rs.78,000 on a water-heater ad.*

1. AD INTELLIGENCE

Active platforms	Meta primary. Day-1 dest = Lead Form. Live: Enquire Now on nuetechsolar.com/contact/ + IndiaMART Get Best Quote. Phone +91 92431 44444 (also 080-23481744). LinkedIn posts 7349748362. IG @nuetechsolarindia (805). FB facebook.com/NuetechSolarIndia. LinkedIn /company/nuetech-solar-systems-private-limited (~2,037). Play app com.nuetech.swh (guarantee cards) last seen 2.7. No Amazon/Flipkart brand store found.
Active ads (est.)	~35 creatives by Day-1 signature, spend Rs.20 L+/mo est. Verify Meta Ad Library India (active) + Google Ads Transparency (nuetechsolar.com) before pitching. Do not quote 35 as a hard number. High spend for a form-only SWH funnel.
Offer / SKUs (14 Sep)	SWH: Lazurite ETC (brand page 10-yr*; IM 100 L 20-yr), SUN POT FPC 10-yr BIS copper, ROBO FPC pressurised 1-yr GI/MS tank, Digital 250 LPD Rs.45,510 / 10-yr / 17 tubes. Heat pump 250 L Rs.60,000 (IM lists 25-yr). Rooftop 3 kW / 5 kW on-grid Get Quote. Plant 32,000 sq ft. Clients include IIM Lucknow (install list).
Funnel / CRO (14 Sep)	Ad -> Lead Form. Brand homepage fetch failed. Contact is Enquire Now (no field list in index). IM: Get Best Quote / Request Callback, min order 1 piece, payment cash/card/NEFT, shipment By Road. No cart. No 'installed in X days'. No pincode SLA. Load/capacity guidance is missing on the ad.
Delivery leak (Day-1, confirmed)	Zero public install/delivery timeline on brand PDPs or IM factsheet. Competitors in the same KA/SWH auctions print 1-2 days (Racold/V-Guard dealers) or 24-48 hours statewide (Kamal). For a terrace geyser that is the first objection after price. IM 'User Satisfaction / Delivery 100%' is 20 reviews - not an SLA.
Proof + 2026 reviews	Justdial 4.0 / 127. IM 4.7 / 20 (Jul 2026 5-stars on copper SWH and pressurised; also listings tagged Tata SWH and V-Guard SWH). Response 50% on IM. Sulekha dealer complaints (Electronic City, May 2026) are dealer-side, not factory - still the Google result. IIM Lucknow and 32 years are not the ad.

2-5. CREATIVE / COPY / CRO / TRACKING SCORES

Subsidy & Scheme Clarity		3/10
WhatsApp / Speed-to-Lead		3/10

Social Proof (Installs)		4/10
Creative (Video/Reels)	Variety	4/10
Landing Page & Form CRO		3/10
Tracking & Retargeting		4/10

- **Delivery SLA leak (Day-1, confirmed 14 Sep 2026):** No install/shipping days on nuetechsolar.com product pages, contact, or the IndiaMART catalog (Shipment Mode = By Road). A Bengaluru villa buyer asking 'kal aayega?' has to Enquire. Racold/V-Guard traders publish 1-2 days; Kamal Solar (KA, since 1998) claims 24-48 hours statewide. Put a real SLA on the ad and LP: 'Bengaluru install in 48 hours / rest of KA in 5 days' (only if ops can hold it). Hide the date and you lose the click to a dealer who prints one.
- **Lead Form vs WhatsApp:** Day-1 dest = Lead Form. Live path is Enquire Now + IM Get Best Quote. Phone 9243144444 exists and is not the ad CTA. 9pm '100 vs 200 LPD?' will not finish a quote form. Ad CTA = Send WhatsApp Message to 9243144444; form = pincode + phone + capacity (LPD). Email optional.
- **Brand site vs the catalog you actually sell from:** nuetechsolar.com homepage did not load on 14 Sep 2026. Indexed pages still say Copyright 2024. Two addresses (Shankarappa estate vs ASB / Bharath pump). The priced catalog is IndiaMART (Get Quote, mixed Tata/V-Guard review tags, typo 'Nuetech Solat'). Rs.20 L+/mo of Meta cannot land on a timeout or an IM quote widget. Ship a /solar-water-heater/ LP with 100/150/200/250 LPD, price, EMI, 48-hour SLA, WhatsApp.
- **Warranty and price conflict:** Brand Lazurite = 10 years*. IM 100 L Lazurite = 20 years. ETC 100 L = 15 years. Digital 250 L = 10 years. Domestic FPC = 2 years. Heat pump 250 L = 25 years. Prices only on IM, not on brand PDPs. That is a return and a Google-review machine. One warranty table, one price list, T&C starred once.
- **Do not put Rs.78,000 on a geyser:** PM Surya Ghar is rooftop PV (up to Rs.78,000 on 3 kW). Nuetech's SWH is a different product. Rooftop 3/5 kW exists as Get Quote with no subsidy module. Split campaigns: SWH (LPD, electricity saved on geysers, 48-hour install) vs PV (eligible for up to Rs.78,000, never promise approval). Mixing them burns both.
- **Proof sitting unused:** 32 years, IIM Lucknow, 32,000 sq ft plant, IM 4.7, Justdial 4.0/127. App is for guarantee cards (2.7). Creative is still manufacturer brochure. 10 terrace-install Reels + dealer UGC beat 'India's No.1' on an unrated second FB page. IM Response 50% is the speed-to-lead number to fix before you scale the 35 ads.

6. COMPETITOR BENCHMARK

Competitor	What they do better	Signal for Nuetech
Racold / V-Guard	National service + Amazon/dealer 1-2 day delivery printed on the offer. Brand trust in the geyser aisle. V-Guard 100-500 LPD with 5-yr replacement on some lines.	You manufacture in Bengaluru. Print 48-hour local install. Match their delivery line or lose the KA click.
Sudarshan Saur	Solar-water-heater-native brand since 1989. Clear SWH category site (sudarshansaur.com). IG @saursudarshan 2.5k. Not a UPS brand pretending to be solar.	Your IG is 805 (@nuetechsolarindia). Category site + Reels. Stop splitting @nuetechsolar vs @nuetechsolarindia.
Kamal Solar (KA)	BIS/MNRE, 24-48 hour Karnataka install claim, district pages, SWH + heat pump + rooftop as separate funnels.	City/district landings for Bengaluru, Mysuru, Hubballi. SLA on the first screen.
IndiaMART itself	Where your prices actually live. Get Quote is their funnel, not yours. Mixed Tata/V-Guard tags dilute the brand.	Move price + cart/WhatsApp onto nuetechsolar.com. Use IM as dealer supply, not the D2C LP.

7. 3 QUICK WINS (Implement in 7 Days)

WIN 1 - 48 hours: Delivery SLA + WhatsApp + 3-field quote Put a real install SLA on every SWH ad and LP (Bengaluru 48 hours / KA 5 days - only if ops signs it). CTA = Send WhatsApp Message 9243144444, not Get Quote. Form = pincode + phone + LPD. Fix the homepage so nuetechsolar.com loads. Expected: stop 'kal aayega?' bounce; 25-40% more qualified chats at the same Rs.20 L+ spend.
WIN 2 - 7 days: Priced /solar-water-heater/ LP + split SWH vs PV One landing: 100/150/200/250 LPD with IM-aligned prices (ETC from Rs.17,317, Lazurite 100 L Rs.20,000, 200 L Rs.32,000, Digital 250 L Rs.45,510), one warranty table, EMI if you have a financier. Heat pump on a second LP. Rooftop PV on a third - eligible for up to Rs.78,000, never as a geyser discount. Kill Copyright 2024 and the duplicate FB page. Expected: higher CVR; stop mixed-intent CPL.
WIN 3 - 14 days: Terrace UGC + IIM/32-year proof + 60-day retargeting 10 Reels: terrace install, hard-water Lazurite, heat-pump vs ETC, dealer unboxing. Reply on Justdial 4.0 and IM 1-stars. Audiences: (i) LP no WhatsApp, (ii) quote no survey, (iii) survey no order - 60 days. Dealer onboarding ads to @nuetechsolarindia (already in the bio). Expected: cheaper SWH CPL; recover FY23 revenue drop with paid demand, not more IndiaMART quotes.

EXPECTED IMPACT

Metric	Current (est.)	After Wins	Impact
Delivery SLA on ad/LP	None (By Road)	48h BLR / 5d KA	Kill the #1 objection
Ad destination	Lead Form / IM Quote	WhatsApp + 3 fields	Speed-to-lead

Brand site	Homepage timeout	Priced /sw/ LP	Own the click
Cost per lead (Meta)	Rs.150-350	Rs.90-180	~40% cheaper
Quote -> install	Slow (IM Response 50%)	WhatsApp in <5 min	More geysers / month

READY TO PLUG THESE LEAKS?

Smart Pursuit will run a **14-day SWH D2C sprint** for Nuotech: delivery SLA on the ad, WhatsApp instead of Get Quote, a working /buy/ landing with LPD + price + EMI, and UGC from 32 years of installs. Priced against **CPL and cost per installed geyser**, not impressions.
