EXECUTIVE SUMMARY

Smarten Power Systems Ltd (CIN L31401HR2014PLC052897, NSE SME **SMARTEN**, listed 14 Jul 2025, IPO Rs.50 Cr at Rs.100). Plot 374, Pace City-II, Sector 37, Gurugram 122001. Promoters: MD Arun Bhardwaj, CEO Rajnish Sharma, Tirath Singh Khaira, Ravi Dutt (Su-Kam / Delta alumni). Design + assemble Home UPS, solar PCU, charge controllers; **trade** panels and batteries. 23 states + 2 UTs, 17-18 export countries. IPO numbers: **Rs.203 Cr FY25 revenue, Rs.16.9 Cr EBITDA, Rs.12.8 Cr PAT** (FY24 Rs.195 / 13.5 / 11.3 Cr). ~249-259 staff (mid-2025). Homepage claims 210+ distributors, 27+ service points, 195 SKUs. Day-1 file 14 Sep 2026: **7/10 HOT**, ~30 ads, Lead Form dest, Rs.20 L+/mo est., pitch_fit HIGH (D2C / CPL-ROAS).

Live check 14 Sep 2026: smarten.in did not load. Brand is smartenpowersystems.in (WP). Hero carousel (Sep 2026 files): Helio, Helix, hybrid, on-grid, Everon, become-a-partner - several banners link to #. WhatsApp chip wa.me/919319299240. Talk to us: sales WA 9319299240, service 9319699755, info@smartenpowersystems.com. Form = Name, Email*, Phone, Message. /contact-us/ = 404. No prices, no cart, no delivery days. Amazon already sells Superb/Helix (Superb 2675 ~Rs.15,900 / 3.9 stars / 429 ratings; Superb+ 3600VA ~Rs.21,930 / 4.1/44; 5500VA ~Rs.53,999). Industrybuying: same 2500VA 'ships within 10 days' and '30 days' depending on SKU - that is the Day-1 leak. IG live @smartenpowersystems (1,337 / 977 posts) - Day-1 @smartensolar is stale. FB facebook.com/smartenpowersystems (84% recommend / 15 reviews).

Day-1 leak, confirmed: zero install/ship SLA on brand PDPs. Plus: email-required Lead Form vs WhatsApp, dead smarten.in, no rupee on category pages, on-grid 3 kW page has no PM Surya Ghar (and PCU ads must not steal that hook), distributor testimonials not end-user UGC, typos (ON Grod, 5550KVA, hybrid-inerter), 27 service points across 23 states. All fixable in 14 days. *Ad counts are Day-1 estimates. Never promise subsidy approval. Do not put Rs.78,000 on a PCU/off-grid ad.*

1. AD INTELLIGENCE

Active platforms	Meta primary. Day-1 dest = Lead Form. Live: smartenpowersystems.in (no cart). WA 9319299240 sales / 9319699755 service. Amazon.in Superb/Helix/Shine listings. Industrybuying + IndiaMART. IG @smartenpowersystems (1.3k). FB /smartenpowersystems. LinkedIn company page. NSE SME SMARTEN investor IR on the same WP nav as product.
Active ads (est.)	~30 creatives by Day-1 signature, spend Rs.20 L+/mo est. Verify Meta Ad Library India (active) + Google Ads Transparency (smartenpowersystems.in; smarten.in is dead). Do not quote 30 as a hard number. Split Home UPS vs PCU vs on-grid before quoting ROAS.
Offer / SKUs (14 Sep)	Helio (900-1500 VA, inbuilt Li-ion + MPPT). Helix (to 1250 VA, wall-mount MPPT, 24V panel). Superb MPPT PCU 1100 VA-20 kVA (Amazon 2675 ~Rs.15,900; 3600VA ~Rs.21,930; 4kVA ~Rs.38,000; 5500VA ~Rs.53,999; 3-yr typical). PWM PCU. Star on-grid 1-6 kW 1-ph / 5-25 kW 3-ph (97.5-98.5%, WiFi). Hybrid. Prime/Savior/Tejas/Kranti charge controllers (inverter-to-solar). Mono 100-545 W / poly 40-355 W (traded). Tubular + Li-ion batteries. BIS awards on homepage.
Funnel / CRO (14 Sep)	Ad -> Lead Form. Talk to us requires email. Hero SKUs (Helio/Helix/On-Grid/Hybrid) often href=#. Category pages = features + PDF spec, no MRP, no ATC, no days. /contact-us/ 404. Become-a-partner is a first-class banner (distributor brand). End-user who wants a Superb 2675 already checks out on Amazon.
Delivery leak (Day-1, confirmed)	Brand site: no shipping, no install days, Policies = SEBI IPO PDFs not a delivery policy. Industrybuying: Superb 2500VA 'ships within 10 days' AND '30 days' on sibling SKUs; some charge controllers 24 hrs. Amazon is the de-facto SLA. Racold/V-Guard/Okaya shop print free delivery. Hide the date and the click goes to Amazon or a dealer who prints one.
Proof + 2026	Homepage 'Happy Client' quotes are distributors (SB Enterprises, Ganesh Battery, Bhardwaj Trading). Google 4.5 / 1,148 on a 2026 aggregator listing (verify on Maps before quoting). Amazon 3.5-4.1 on solar PCUs. 27+ service points vs 23 states is thin vs Luminous. IPO / Rs.203 Cr is unused in consumer ads.

2-5. CREATIVE / COPY / CRO / TRACKING SCORES

Subsidy & Scheme Clarity	3/10
--------------------------	------

WhatsApp / Speed-to-Lead		4/10
Social Proof (Installs)		4/10
Creative Variety (Video/Reels)		4/10
Landing Page & Form CRO		3/10
Tracking & Retargeting		4/10

- **Delivery SLA leak (Day-1, confirmed 14 Sep 2026):** smartenpowersystems.in product pages have no ship/install days. Policies nav is insider-trading and RPT PDFs. Industrybuying already exposes the gap: Superb 2500VA '10 days' vs '30 days'. Amazon is where the buyer learns the wait. Put a real SLA on every PCU ad and LP ('dispatched in X days / installed via dealer in Y') only if ops can hold it. 'Kal aayega?' is the first objection after price.

- **Lead Form vs WhatsApp:** Day-1 dest = Lead Form. Talk to us requires Email. Sales WhatsApp 9319299240 already exists ('Say Hi on Whatsapp') and a sitewide chip. 9pm '2675 vs 3600VA?' will not type an email. Ad CTA = Send WhatsApp Message 9319299240. Form = pincode + phone + SKU; email optional. Fix /contact-us/ 404.

- **Dead domain + no rupee on the brand:** smarten.in did not load. Category pages have no MRP. Amazon does: Superb 2675 Rs.15,900, Superb+ 3600VA Rs.21,930, 5500VA Rs.53,999. Hero banners Helio/Helix/On-Grid/Hybrid href=#. Rs.20 L+/mo cannot land on a hash or a timeout. Ship SKU PDPs with price + ATC or Buy-on-Amazon + 3-year warranty.

- **On-grid 3 kW has no CFA; PCU must not steal it:** Star Series 1-ph page talks 3 kW, 97.5%, WiFi - zero PM Surya Ghar. CFA (up to Rs.78,000) is rooftop PV via an MNRE installer, not a Superb PCU. Split campaigns: (a) PCU/Helio/Helix = bill cut + backup, Amazon ATC; (b) on-grid 3 kW = DCR/BIS + 'usable in a PM Surya Ghar system by an MNRE installer. Smarten does not approve subsidy.' Mixing them burns both.

- **Proof is B2B while ads buy B2C:** Testimonials are distributors. Become-a-partner is a hero banner. 210+ distributors is a wholesale story. Consumer ads need terrace UGC, Amazon 3.9/429 on Superb 2675, and a Maps review engine (aggregator 4.5/1,148 - verify). 27 service points across 23 states is a 'call the dealer' objection vs Luminous.

- **Copy / listed-company nicks:** ON Grod, solar-pcu-hybrid-inerter, SUPERB 5550KVA, 'It's is packed'. About: we assemble UPS/PCU and trade panels/batteries - do not advertise 'we manufacture panels' if you trade them. Investor nav (annual reports, material creditors) sits next to Helix - fine for SMARTEN ticker, confusing for a Meta click. Sexual Harrassment typo on Policies. Catalogue/PDF specs exist - they are not the landing.

6. COMPETITOR BENCHMARK

Competitor	What they do better	Signal for Smarten
Luminous / Microtek / Okaya	Amazon brand stores, printed delivery, 3-field or ATC. Okaya has shop.okaya.in with MRP. Microtek has 15 Cr customers as trust. Service networks in the thousands.	You are the price/MPPT PCU player (Superb 2675 ~Rs.15,900). Print SLA + Amazon CTA. 27 service points cannot win a service war - win on dispatch days and WhatsApp.
Growatt / Solis	Solar-native on-grid. Subsidy + monitoring on the first screen. Own 'best 3 kW 2026' lists.	Star 1-ph 3 kW exists. Put BIS + MNRE-installer CFA module on that LP only. Do not put Rs.78,000 on Helio/Superb.
Amazon itself	Where your prices and 429 Superb 2675 reviews live. 10-30 day Industrybuying lead times are the review the buyer will read.	Official brand store + Buy-on-Amazon on the ad. Reply to 3-star threads (tripping / delay). Own the PDP you already pay for.
Your distributors	They close 9pm WhatsApp and quote a delivery date. Your ads send email forms. Become-a-partner is competing with your own D2C click.	Two funnels: D2C Amazon/WA for Superb/Helix; dealer ads for 10-20 kVA and on-grid. Stop one Lead Form for both.

7. 3 QUICK WINS (Implement in 7 Days)

WIN 1 - 48 hours: Dispatch SLA + WhatsApp + Amazon on Superb/Helix

Print a real dispatch SLA on every PCU ad (only if ops signs it). CTA = WhatsApp 9319299240 + Buy on Amazon (Superb 2675 / 3600VA). Kill email-required Talk to us as the ad dest; 3 fields (pincode, phone, VA). Point Helio/Helix/On-Grid banners at SKU URLs, not #. 301 smarten.in -> smartenpowersystems.in. Fix /contact-us/ 404. Expected: stop 'kal aayega?' bounce; 25-40% more chats/ATC at the same Rs.20 L+ spend.

WIN 2 - 7 days: Priced PDPs + split PCU vs on-grid + honest CFA

Category pages get MRP aligned to Amazon. Bundle Helio (Li-ion inbuilt) as the urban SKU. On-grid 3 kW LP: BIS + WiFi + 'usable in a PM Surya Ghar system by an MNRE installer. We do not approve subsidy.' PCU ads: never Rs.78,000. Fix ON Grod / 5550KVA / inerter. Separate Meta: Home UPS (Bravo/Nova) vs Solar PCU vs On-grid vs Dealer. Expected: ROAS you can read; fewer mixed-intent leads.

WIN 3 - 14 days: End-user UGC + 60-day DPA + Maps

10 Reels: Superb install, Helio Li-ion, Kranti 'inverter to solar', dealer unboxing. Move distributor quotes to /become-a-partner/. Reply on Amazon 3-stars. Audiences: (i) LP no WA, (ii) Amazon click no buy, (iii) Talk-to-us no order - 60 days, DPA of live SKUs. Verify and grow the 4.5 Maps listing. Expected: cheaper PCU CPL; listed-company story in B2B dealer ads, not the consumer hero.

EXPECTED IMPACT

Metric	Current (est.)	After Wins	Impact
--------	----------------	------------	--------

Delivery SLA on ad/LP	None (10-30d on IB)	Printed dispatch days	Kill Day-1 objection
Ad destination	Email Lead Form	WhatsApp + Amazon	Speed-to-lead
Brand site prices	No MRP / href=#	SKU PDP + ATC	Own the click
PCU vs on-grid mix	One form	Split campaigns	CFA only on on-grid
Cost per solar lead	Rs.150-350	Rs.90-180	~40% cheaper

READY TO PLUG THESE LEAKS?

Smart Pursuit will run a **14-day solar D2C sprint** for Smarten: delivery SLA on the ad, WhatsApp 9319299240 instead of email-required Talk to us, priced PDPs + Amazon ATC, on-grid 3 kW CFA module (never as a product discount), and UGC instead of distributor quotes. Priced against **CPL and ROAS**, not impressions.
