EXECUTIVE SUMMARY

Sunlit Future (sunlitfuture.in) is an Auroville rooftop EPC (est. 1999), official **SolarEdge** distributor, **1,000+ rooftops / 7 MW+** (Kalasalingam University 503 kW, French Consulate Pondicherry 45 kW, Aravind Eye Care, Hidesign). Day-1 file 14 Sep 2026: **9/10 HOT**, pitch_fit HIGH.

Live check 14 Sep 2026: sunlitfuture.in is a default hosting page ("Congratulations! You have successfully set up your website!"). Inner URLs 404. sunlitfuture.com is parked. Wayback: full site Jan 2025, placeholder already live 8 Jun 2026 (~3 months down). Every ad click to the website is wasted.

Three leaks: (1) site/form/pixel are dead; (2) even the 2025 homepage never named PM Surya Ghar - hero was "Save Environment / 5-year payback" while Freyr leads with "Save Rs.1 Lakh = Rs.78,000 + Rs.22,000" (TN added a Rs.22,000 top-up in Aug 2026); (3) ads go to a Lead Form while WhatsApp 6384067020 and 1,000+ install photos sit unused. Fixable in 7-14 days. *Ad counts are Day-1 estimates - verify in Meta Ad Library before quoting.*

1. AD INTELLIGENCE

Active platforms	Meta primary. IG @sunlit.future (1,069 / 143 posts; Day-1 handle @sunlitfuture was wrong). FB /FutureSunlit (1,464 likes). LinkedIn ~537, 11-50 staff. Justdial 4.3-4.5 with WhatsApp 8105196769. Google ~4.2 / 18.
Active ads (est.)	~16 creatives by Day-1 signature, CTA = Lead Form. Verify live count in Meta Ad Library India (active) + Google Ads Transparency before pitching.
Funnel / site (14 Sep)	DOWN - default hosting page; /our-solutions/ = 404; .com parked. Old form: Name*, Email*, Phone optional (5 fields). WhatsApp plugin existed (6384067020) but is not the ad CTA. Contact: Auroshilpam, +91-413-2622992, info@sunlitfuture.in.
Budget + unused proof	Rs.1-3 L/mo est. Owner-led ~15-person EPC. Proof not in ads: 1,000+ roofs, 7 MW, Kalasalingam 503 kW, Consulate 1 lakh kWh / 17 months, 800 solar pumps.

2-5. CREATIVE / COPY / CRO / TRACKING SCORES

Subsidy & Scheme Clarity		2/10
WhatsApp / Speed-to-Lead		4/10
Social Proof (Installs)		3/10
Creative Variety (Video/Reels)		3/10
Landing Page & Form CRO		1/10
Tracking & Retargeting		2/10

- **Website leak (critical, 14 Sep 2026):** sunlitfuture.in is a default hosting page; inner URLs 404; .com is parked. Down ~3 months (Wayback 8 Jun 2026). Pixel, CAPI and the form resolve to a placeholder - paid traffic is a 100% bounce.

- **Subsidy leak:** 2025 homepage never named PM Surya Ghar. Hero = 'Save Environment / Save Money / 5-year payback'. Day-1 leak matches: generic 'Save electricity' ads, no Rs.78,000. TN added a Rs.22,000 top-up (18 Aug 2026). Freyr's live hero is 'Save Rs.1 Lakh'.

- **WhatsApp + proof leak:** Ads go to a Lead Form; old site asked Name+Email before Phone. WhatsApp 6384067020 already exists. 1,000+ rooftops, Kalasalingam 503 kW, Consulate 1 lakh kWh, Google 4.2 / Justdial 4.5 are not in the ads. Instagram: 1,069 followers.

6. COMPETITOR BENCHMARK

Competitor	What they do better	Signal for Sunlit
Freyr Energy	Live hero: 'Save Rs.1 Lakh' = Rs.78,000 government subsidy + Rs.22,000. 4.7 Google / 4,473 reviews. Calculator + EMI from Rs.1,466 + WhatsApp-first. Site is up.	Lead with the rupee number, not 'go green'. Restore the site first.
SolarSquare	PM Surya Ghar in the nav. City pages for Chennai / Coimbatore / Madurai / Salem. 4.8 Google / 15,000+ ratings. Calculator + EMI + 'Schedule a FREE Visit' above the fold.	Pondicherry + Villupuram + Chennai landing pages. Put Google/Justdial ratings on the first screen.
Fenice Energy (Chennai)	Site is live. 1800-889-8457, financing page, calculator, GreenPartners. Hero still says 'Clean energy' - but a working page beats a dead one.	A 1-page live landing with WhatsApp + subsidy math already wins vs a placeholder.

7. 3 QUICK WINS (Implement in 7 Days)

WIN 1 - 48 hours: Put the website back, subsidy on the hero, WhatsApp as CTA

Restore sunlitfuture.in (a 1-page landing beats the hosting default). Hero: '3 kW rooftop - eligible for up to Rs.78,000. WhatsApp for a site survey in Auroville / Pondicherry / Villupuram.' CTA = click-to-WhatsApp 6384067020. 301 .com to .in. Expected: stop the 100% bounce.

WIN 2 - 7 days: Subsidy-first Meta batch, kill Lead Form as primary

6 creatives in Tamil + Hinglish: (a) eligible for up to Rs.78,000 + Rs.22,000 TN top-up, (b) roof before/after, (c) Consulate 1 lakh kWh, (d) Google 4.2 / Justdial 4.5. CTA = Send WhatsApp Message. Say 'eligible for up to' - never promise subsidy approval. Expected: 25-40% more qualified enquiries at the same spend.

WIN 3 - 14 days: 3-field calculator + proof layer + 60-day retargeting

Replace the 5-field form with city + phone + monthly bill, then show subsidy/EMI. Film 10 clips from the 1,000+ rooftop archive. Rebuild Pixel + CAPI. Sequence: video 50% -> WhatsApp -> site-survey offer (solar is a 30-90 day decision). Expected: lead->survey 15-20% to 28-35%.

EXPECTED IMPACT

Metric	Current (est.)	After Wins	Impact
Website bounce on ad click	~100% (site down)	<40%	Site restored, WhatsApp CTA
Cost per lead (Meta)	Rs.250-450	Rs.150-250	~40% cheaper
Lead -> site survey	15-20%	28-35%	WhatsApp in <5 min
Cost per installed kW won	Rs.6,000-9,000	Rs.3,500-5,500	Same budget, more installs

READY TO PLUG THESE LEAKS?

Smart Pursuit will run a **14-day solar sprint** for Sunlit Future: restore the site, subsidy-first WhatsApp creatives, 3-field calculator, Pixel/CAPI + 60-day retargeting. Priced against **cost per site survey**, not impressions.
