EXECUTIVE SUMMARY

Vedantu (vedantu.com) is a Edtech/Coach brand running **~45 active Meta creatives** in India with estimated spend **Rs.1-2 Cr/mo** and ads pointing to website traffic to subscription/checkout. Live-classes pioneer that pivoted to hybrid + offline centres.

The funnel leaks at three points: (1) Creative: live-class demo thin, testimonial ugc low - The gap: topper-result / alumni-story Reels. (2) Landing page: paid traffic lands on a generic course-catalog page with no exam-specific page, no topper reviews above the fold, and an OTP-only signup gate. (3) Tracking: Pixel/GTM not verifiable on first paint; retargeting appears one-size-fits-all rather than segment-specific..

These are **fixable in 7 days**; we estimate ~30-40% of ad spend is wasted. Enterprise lead in active scaling/cost mode - pitch efficiency and CVR, not more spend.

1. AD INTELLIGENCE

Active platforms	Meta (Facebook + Instagram) primary; Google Search + YouTube secondary; app-install where relevant.
Active ads count	~45 live creatives in Ad Library (country=IN).
Duration signals	Several evergreen creatives running 30+ days - winners, but fatigue risk and a thin refresh cadence.
Funnel type	Website traffic to subscription/checkout (primary).
Budget signal	~45 ads + Rs.1-2 Cr/mo = mid-to-heavy scaler.
Campaign structure	Category-siloed with limited concept testing; light UGC injection.

2-5. CREATIVE / COPY / CRO / TRACKING SCORES

Creative Variety		4/10
UGC & Social Proof		2/10
Copy & Hook Strength		5/10
Landing Page CRO		5/10
Tracking & CAPI		4/10
Retargeting Depth		4/10

- **Creative leak:** Live-class demo thin, testimonial UGC low. The gap: topper-result / alumni-story Reels.

- **Copy leak:** Current angle is product-led. Missing angle: career-outcome and topper case studies instead of free-class/discount hooks.

- **Landing page leak:** Paid traffic lands on a generic course-catalog page with no exam-specific page, no topper reviews above the fold, and an OTP-only signup gate.

- **Tracking leak:** Pixel/GTM not verifiable on first paint; retargeting appears one-size-fits-all rather than segment-specific.

6. COMPETITOR BENCHMARK

Competitor	What they do better	Signal for Vedantu
Physics Wallah	Scales topper-AIR result Reels + faculty UGC; ~Rs.5-10 Cr/mo Meta spend.	Topper-UGC is the winning format in test prep.
upGrad	Strong working-professional brand + lead-form automation.	Pitch efficiency and consolidation, not more spend.

7. 3 QUICK WINS (Implement in 7 Days)

WIN 1 - Creative: Deploy topper-result / alumni-story Reels

Shoot 15 fifteen-second topper-result / alumni-story Reels and replace 30% of the weakest creatives. Expected: CTR +30-50%, CPA -15-25% within 10 days.

WIN 2 - CRO: Fix the landing experience

Build one landing page per exam/batch with topper counts + reviews above the fold, a sticky Enroll CTA, and an email option alongside OTP. Expected: CVR +30-40%.

WIN 3 - Tracking: Server-Side CAPI + Segment Retargeting

Fire Meta Pixel + CAPI server-side on key conversion events; build 3 retargeting audiences (visited but didn't convert / started checkout / dropped off) with segment-specific creatives. Expected: recapture 10-15% of dropped conversions; cleaner attribution.

EXPECTED IMPACT

Metric	Current (est.)	After Wins	Impact
CTR (Meta)	0.9-1.3%	1.5-1.9%	+40-60%
Landing Page CVR	2.4-3.2%	3.8-4.8%	+40-50%
Cost Per Acquisition	Baseline = 100	70-82	-18-30%
Ad Spend Wastage	~30-40%	~15-20%	Saves Rs.30-60L/mo

READY TO PLUG THESE LEAKS?

Smart Pursuit will run a **14-day performance sprint** for Vedantu: Creative refresh, CRO rebuild of top landing pages, CAPI + retargeting setup. We work on a **performance-fee model** tied to conversion-cost reduction.
