01 METHOD

Dated public-evidence snapshot checked 04 October 2026. Meta evidence is cited by individual Library ID and advertiser/page ID; the selected cards are not an account-wide count. Public ad counts and rendered variants can change daily; recheck before relying on them. Meta search-type parameters can be ignored by the interface, so keyword results are not treated as page or advertiser proof. Bengaluru relevance is based only on explicit creative or first-party material; no audience targeting is inferred.

Contacts and offer details are taken from the brand's own website, help or corporate pages and remain routing contacts unless a buyer role is explicitly published. No private account, booking, order or analytics records were accessed. Spend, ROAS, CPA, conversion outcomes and event firing are marked unavailable or not measured. A public ad card or URL alone does not prove that tracking events fire.

AD LIBRARY	Selected Library IDs and page identities establish the visible record and copy only; no account-wide inventory or audience targeting is inferred.
GOOGLE	India-region Google Ads Transparency domain view for thethaivegankitchen.com returned zero results in this capture. This is a limited public query, not proof that the brand does not advertise or that no ads exist.

LOCAL	City relevance comes from the selected creative or first-party material; it does not establish geographic targeting.

03 FINDINGS

NOTE	01 The active origin-story card exposes a Maps Contact us route
source_ids: S1 observed: Library ID 1600729371632852; page Sawadee: Authentic Thai Vegan Kitchen (166520571852732); Active and Sponsored on 04 Oct 2026; started 24 Sep 2026; story copy begins with a cooking class in Thailand; Contact us links to a Maps short URL. checked: 04 OCT 2026	

The card shows a public placement and contact-labelled Maps route only. The final destination, reservation, visit and event firing were not measured.

NEXT CHECK · Re-open the current card and resolve the Maps link to its final business/contact action; map a booking/visit event only with authorized internal data.

NOTE	02 The first-party site distinguishes the current restaurant from a planned location
source_ids: S2 observed: The official homepage describes the current Sawadee restaurant in Frazer Town/Bangalore and says the new Indiranagar restaurant is planned for November 2026; it publishes a partnership email. checked: 04 OCT 2026	

This supports Bengaluru business context and a published partnership route. The future outlet is not counted as open, and neither fact establishes ad targeting or paid-media ownership.

NEXT CHECK · Recheck the official page after the stated opening date and ask the published partnership route to forward the measurement note if appropriate.

NOTE	03 The Google domain query returned no result in this capture
source_ids: S3 observed: India-region domain view for thethaivegankitchen.com returned zero results on 04 Oct 2026. checked: 04 OCT 2026	

Zero results do not establish that the brand does not advertise on Google.

NEXT CHECK · If revisited, open any individual creative and confirm advertiser, brand tie, destination and last-shown/status fields.
