01 METHOD

Dated public-evidence snapshot checked 06 October 2026. Meta evidence is cited by individual Library ID and advertiser/page ID; the selected cards are not an account-wide count. Public ad counts and rendered variants can change daily; recheck before relying on them. Meta search-type parameters can be ignored by the interface, so keyword results are not treated as page or advertiser proof. Bengaluru relevance is based only on explicit creative or first-party material; no audience targeting is inferred.

Contacts and offer details are taken from the brand's own website, help or corporate pages and remain routing contacts unless a buyer role is explicitly published. No private account, booking, order or analytics records were accessed. Spend, ROAS, CPA, conversion outcomes and event firing are marked unavailable or not measured. A public ad card or URL alone does not prove that tracking events fire.

03 FINDINGS

NOTE	01 The Active international-menu card is not an order measurement
	<pre>source_ids: S1 observed: Meta Library ID 1091108349891554; La Pino'z Pizza; Active and Sponsored on 06 Oct 2026; started 22 Aug 2025. The visible creative describes an International Menu and shows Order Now to uen.io/lapinoz. checked: 06 OCT 2026</pre>

The menu wording is advertiser copy. The final redirect, checkout, orders, spend, audiences and conversion result were not tested or measured.
NEXT CHECK · Re-open the direct card and follow the short link before reusing it; if authorized, map the selected Library ID to a completed-order event and source-of-record.

NOTE	02 First-party support and Bengaluru store routes are separate
	<pre>source_ids: S2, S3 observed: The Contact page publishes support@lapinozpizza.in for support and info@lapinozpizza.in for franchise enquiries; the Bengaluru store locator lists local outlet cards. The published corporate-office address is in Zirakpur, Punjab. checked: 06 OCT 2026</pre>

These sources establish published contact routes and Bengaluru outlet context, not a Bengaluru corporate office or a paid-media buyer. Locator availability labels are not treated as a universal live status.
NEXT CHECK · Ask the published support route to forward the source-linked note to the paid-media measurement owner; confirm the selected outlet and its current operating status directly if needed.

NOTE	03 Google Transparency exposes a brand-named archive creative, not current active status
	<pre>source_ids: S4, S5 observed: The domain query displayed 23 any-time results. Opened creative CR00331488745591144449 under verified advertiser COPENHAGEN HOSPITALITY names La Pino'z / 'La Pino'z - Order Pizza Online' and was last shown 05 Oct 2026. checked: 06 OCT 2026</pre>

Visible creative text ties the archive item to La Pino'z, but the page does not label it Active and does not establish the verified advertiser's legal/agency relationship or a current campaign.
NEXT CHECK · If revisited, check current filter/status, advertiser details, creative content and final destination before claiming live Google activity or account ownership.
