01 METHOD

Dated public-evidence snapshot checked 04 October 2026. Meta evidence is cited by individual Library ID and advertiser/page ID; the selected cards are not an account-wide count. Meta search-type parameters can be ignored by the interface, so keyword results are not treated as page or advertiser proof. Bengaluru relevance is based only on explicit creative or first-party material; no audience targeting is inferred.

Contacts and offer details are taken from the brand's own website, help or corporate pages and remain routing contacts unless a buyer role is explicitly published. No private account, booking, order or analytics records were accessed. Spend, ROAS, CPA, conversion outcomes and event firing are marked unavailable or not measured. A public ad card or URL alone does not prove that tracking events fire.

03 FINDINGS

MEDIUM	01 The newest selected creative is an Instagram teaser, not a direct order link
source_ids: S1 observed: Meta Ad Library ID 1080503658064091 was Active on 04 Oct and started 02 Oct 2026; copy says 'Who is he waiting for? Any guesses?' and the CTA opens the Krispy Kreme India Instagram profile. checked: 04 OCT 2026	

The public route is teaser-to-social. The card does not show whether the campaign objective is awareness, a launch, birthday orders or store visits, and no results are public.

NEXT CHECK · Confirm the intended next action and the business event that will be used to assess it; compare with order/store data only inside the company systems.

NOTE	02 The official FAQ and locator substantiate Bengaluru presence and a corporate/birthday contact route
source_ids: S2, S3 observed: FAQ says stores are present in Bangalore and publishes manish.ramu@curefoods.in for corporate and birthday orders; the locator lists multiple Bengaluru branches. checked: 04 OCT 2026	

The published contact is relevant to corporate/birthday orders, not identified as a paid-media buyer.

NEXT CHECK · Ask for referral to the digital marketing owner if the campaign-measurement request is outside that route.

NOTE	03 Google domain results are entity-level and were not counted as Krispy Kreme ads
source_ids: S4, S2 observed: The Google domain query returned six items under verified CUREFOODS INDIA PRIVATE LIMITED; the FAQ states Curefoods holds master-franchise rights for Krispy Kreme India. checked: 04 OCT 2026	

The entity relationship is relevant context, but the domain view does not prove each item promotes Krispy Kreme. No Krispy-specific Google inventory count is asserted.

NEXT CHECK · Attribute individual creatives only after confirming their advertiser and product in the Transparency Center.
