01 METHOD

Dated public-evidence snapshot checked 06 October 2026. Meta evidence is cited by individual Library ID and advertiser/page ID; the selected cards are not an account-wide count. Public ad counts and rendered variants can change daily; recheck before relying on them. Meta search-type parameters can be ignored by the interface, so keyword results are not treated as page or advertiser proof. Bengaluru relevance is based only on explicit creative or first-party material; no audience targeting is inferred.

Contacts and offer details are taken from the brand's own website, help or corporate pages and remain routing contacts unless a buyer role is explicitly published. No private account, booking, order or analytics records were accessed. Spend, ROAS, CPA, conversion outcomes and event firing are marked unavailable or not measured. A public ad card or URL alone does not prove that tracking events fire.

02 THE AD ACCOUNT

Selected Meta records	ID 1076550118145187 (started 2026-08-20). Active on 06 Oct 2026; selected records only.
Google Ads	CHECKED — no domain-query results (not proof of no activity): The India-region thekindindia.com any-time query displayed zero results on 06 Oct 2026. Zero results in one public domain query do not prove no Google advertising or activity.
Published contact	thekindindia@gmail.com · Official-domain indexed 'Get in Touch' email; direct page fetch redirected and did not expose the email, so re-open before sending. Not a confirmed paid-media contact. Rechecked on 06 Oct 2026: the official-domain search result for https://thekindindia.com/shop/ showed a 'Contact / Get in Touch' section with thekindindia@gmail.com. Direct fetch of that URL redirected to the homepage representation and did not expose the email. This is an official-domain indexed contact snippet, but the email should be re-opened on the live site before sending; no media-buyer identity is established.
Public-evidence fit	16 / 20 · 8.0 / 10 · Good public-signal fit. Public-evidence-fit triage only: direct paid signal, explicit Bengaluru context, visibility of the public CTA, first-party source coverage and suitability of the published contact route. Not an effectiveness, conversion, revenue, spend, ROI, forecast or sales-probability score.
